Deluxe 2

Light and space take on a new meaning in the homes of Volta Gallery Lofts. These homes are made for demanding tastes, with every detail chosen delicately. The floors of the living quarters are covered with herringbone oak parquet that adds a note of timeless beauty to the historical building. The white walls make the perfect backdrop for brand new Jung switches and sockets with a matte finish. The bathroom walls are decorated with large-format ceramic tiles, with a variety of textures adding a playful nuance. The luxurious bathrooms would not be complete without AXOR design mixers and delicate Lauren SaphirKeramik wash basins with astoundingly clear lines. Vanity units with natural oak veneer from the Laufen Boutique collection and LED mirrors with three sensor switches add the finishing touch.
